INTRODUCTION

Jogi Electricals is a leading fast moving electrical accessories company and a power distribution equipment manufacturer with strong global footprint. We have focused on world class infrastructure, best in class technology, uncompromising quality standards and dynamic product innovation.

The company is equipped with modern sophisticated machineries. The production process is carefully monitored at every step.

A name that creates a sense of **Safety, Reliability, Quality & Durability**.

A good product is the ultimate result of good raw material, efficient manufacturing process & excellent systems. Aim of achieving higher standards of quality has earned us the coveted iso **9001:2008** certification. Quality control is ongoing process in our organization. Each item undergoes a series of tests, which finally makes product ready for the market. The requirements of safety, reliability and ease of installation are the key factor in all product design development. Because of all these, over a period ,

Name **CARRYON** has evoked in the **whole of India**.
